### 适用场景

FAS · AFF

### 问题描述

更换主板后、很少磁盘显示为未知容器类型：

```
cluster::> storage show disk -container-type unknown
Usable      Disk      Container  Container
Disk        Size      Shelf Bay  Type      Type      Name      Owner
-----
XX.XX.X     -        X        X        SAS       unknown   -         Node1
XX.XX.X     -        X        X        SAS       unknown   -         Node2
XX.XX.X     -        X        X        SAS       unknown   -         Node2
```
