## 从URI加载UNIX用户失败

[https://kb-cn-stage.netapp.com/on-prem/ontap/da/NAS/NAS-KBs/Load\\_unix\\_user\\_from\\_URI\\_fails](https://kb-cn-stage.netapp.com/on-prem/ontap/da/NAS/NAS-KBs/Load_unix_user_from_URI_fails)

Updated: Wed, 22 Apr 2026 07:32:37 GMT

### 适用场景

- ONTAP 9.
- CIFS审核

### 问题描述

在使用命令从外部源加载UNIX用户时 `vserver services name-service unix-user load-from-uri`、操作步骤有时会失败并显示错误：

```
Job failed: Failed to generate security audit record for the config change for Vserver "". Reason entry doesn't exist
```
