适用场景

- ONTAP 9
- OnCommand System Manager

问题描述

尝试迁移LIF时、出现以下错误：

```
::> network interface migrate -vserver SVM1 -lif SVM1_cifs_lif2 -destination-  
node Cluster1 -destination-port a0a  
Error: command failed: LIF "SVM1_cifs_lif2" on Vserver "SVM1" could not be  
found in database (entry doesn't exist). Contact technical support for  
assistance.
