Updated: Wed, 22 Apr 2026 11:40:09 GMT

适用场景

- ONTAP 9
- NetApp 聚合加密 (NAE)
- NetApp 卷加密 (NetApp Volume Encryption, NVE)

问题描述

- 尝试在卷上启用 NVE 时报告以下错误：

```
volume encryption conversion start -vserver SVM1 -volume test:: Error: Failed to start conversion on volume "test" in Vserver "SVM1". Reason: Operation is not supported on NAE (NetApp Aggregate Encryption) volume.
```

- NAE 已启用，并配置了板载密钥管理器 (OKM)
