

从bcomd映射LUN超时

https://kb-cn-stage.netapp.com/on-prem/ontap/Ontap_OS/OS-KBs/lun_mapping_times_out_from_bcomd

Updated: Wed, 22 Apr 2026 06:53:25 GMT

适用场景

所有版本的ONTAP

问题描述

从CLI或GUI映射LUN会导致以下结果：

```
Error: command failed: Timeout: Operation
"vdiskAction_lunMap_iterator::modify_imp()" took longer than 120 seconds to complete
[from mgwd on node "Node03"
(VSID: -1) to bcomd at 127.0.0.1]
```
