Updated: Thu, 04 Jun 2026 06:37:10 GMT

适用场景

Broadcom BES-53248交换机

问题描述

- Broadcom BES-53248交换机处于重新启动循环
 - 尝试启动时以及从日志中观察到的错误：

```
DMA operation encountered a schan response error or host side error The system is restarting due to inconsistent state -11
```

```
The system is restarting due to inconsistent state 1 in file: broad_hpc_binds.c line 290 The system is restarting due to the inconsistent state 1 in file: broad_hpc_binds.c line 290
```

- 交换机不响应ping
