问题描述

尝试删除包含特殊字符的NTFS安全描述符失败：

```
[:>vserver security file-directory nts delete vservers <vservers_name>-nts-SD abcdefg...-hh
```

错误：如果不使用"|"分隔、则无法解析多个".."。]

```
[:>vserver security file-directory ntf delete vservers <vservers_name>-nts-SD "abcdefg...-hh"
```

错误：命令失败："nts-sd"是必填字段]
