Updated: Wed, 22 Apr 2026 03:38:40 GMT

### 问题描述

尝试重置SVM的CIFS域密码时、出现以下错误：

```
cluster1::> vserver cifs domain password reset -vserver svm1
Enter your user ID: administrator@domain.internal
Enter your password:
Error: command failed: Password update failed. Reason: SecD Error: no server
available.
```
